

## Custom Door Questionnaire

1. What is the size of the rough opening for the door?
2. What is the wood species that you'd like your door to be made from?
3. Do you require a stain?
4. Would you like an inswing or an outswing door?
5. When facing the outside of the door, is the handle on the left or the right?
6. Would you prefer a European Multipoint Lock System or a Standard Western-Style Handset and Deadbolt?
7. Do you require any specialty hardware, such as access control systems or hydraulic closers?

8. Would you like any curves incorporated into the frame or the door itself? If so, where?
9. Would you like a single door or double doors?
10. Would you like sidelights or windows?
11. Would you like any images etched into the glass?
12. What thickness would you like the door to be?
13. Would you like a carving incorporated into the design? If so, please give a short description of the image you'd like to see:
